The Forum.

A MONTHLY REVIEW OF LIVING SUBJECTS By the Foremost Writers in the World.

THE FORUM has won the highest place reached by any periodical; for it publishes articles by more authoritative writers and by more workers along instructive lines of activity than any other publication. It contains eleven studies of great affbjects every month. It is impartial, giving hearings alike to each side. It is financially independent, and it belongs to no sect or party or "interest." It is never sensational, but it aims always to be instructive.

THE FORCE continues to hold its place as the foremost of our magazines, for the variety, the said the weight of its contributions -THE NEW YORK TIMES.

There has come forward no problem of grave importance since THE FORUM was established that has not been discussed in its pages by masters of the subject. Announcements of forthcoming articles can seldom be made long in advance, for THE FORUM'S discussions are always of problems of present concern. Every such problem that the year 1890 will bring forward will be discussed, whether in politics, or religion, or social science, or practical affairs. The January number will contain a reply by ex-Speaker J. G. Carlisle to Senator Cullom's recent article on "How the Tariff Affects the Farmer."
